

國際能源教育 - 英語情境闖關

Global Energy Education - English Context Monopoly

應彰化縣教育處邀請，鹿江師生將國際能源教育課程，帶到全縣兒童節慶祝活動，讓全縣家長與大小朋友們一同體驗。在六小時的活動中，鹿江學子當起關主主持活動，接待了約兩千人次的民眾。從分發號碼牌、講解規則、主持活動，鹿江學生展現平日所學，自發分工，隨時互相補位，在社區民眾互動的過程中，傳達與世界共好的理念。

Thanks to the Changhua County Office of Education invitation, LuJiang teachers and students brought the international energy education curriculum to the county's Children's Day celebration for parents and children to experience together. During the six-hour event, the students acted as the hosts and served about 2,000 visitors. From distributing number tickets, explaining rules, and hosting the event, the students demonstrated what they have learned, volunteered to share their work, and always helped each other. They communicated the idea of living together with the world through interaction with the people in the community.

Today we went to attend an activity in Lukang, Changhua. Although we were very tired, we felt happy. We saw many little children. They were so cute. I hope we can go next time.

Today, Kiwi, Tony, Ruru and I went to Lukang stadium to join the Children's Day activity. There were many stalls and people. I talked the game rules to the attendees. And I learned a lot from this experience.

3/28我和同學們早上七點到下午兩天在鹿港體育場舉行的兒童節活動擔任志工。我們的攤位主題「國際教育大富翁」。在活動的過程中，我學到了如何隨機應變，處理當下的衝突，也提升了自己的台風穩定度。當天我是負責管理遊戲秩序的工作，雖然在遊戲的過程中，因為體驗的民眾們對於遊戲規則不是這麼了解，因此出現了許多問題，不過當下我馬上把危機給處理掉，讚讚！

擺攤時，我的工作就是邀請民眾掃描QRcode至學校粉絲專頁按讚，並發放禮物，但由於參觀的來賓們太熱情了，導致我有點手忙腳亂，不過後來有慢慢的漸入佳境，越來越上手了。活動結束後，我們一起將道具推回學校，校長和老師們還請我們吃東西呢！真的很謝謝老師們給我們這個幫忙的機會，讓我們這麼特別的經驗，雖然很累，但卻非常的值得！
